SKILLS

Languages: C, C++, Python, JavaScript, SQL

Technologies: HTML, CSS

Tools: PostgreSQL, MongoDB, Git, VS Code, Jupyter Notebook

Soft Skills: Problem Solving, Adaptability, Quick Learner

PROJECTS

Smart Electronic Stick for the Visually Impaired

April 2026 – June 2026

Embedded Systems Project | Arduino Uno, Ultrasonic Sensor, IR Sensor, Water Sensor

- Built as part of a 4-member team for a BEEE course project, designing an assistive device to help visually impaired users navigate more safely.
- Integrated ultrasonic and IR sensors for real-time obstacle and distance detection.
- Added a water sensor to detect wet or slippery surfaces underfoot and alert the user.
- Wrote the complete Arduino firmware handling sensor integration and alert logic.

Courier Management System

May 2025 – July 2025

Desktop Application | Python, Tkinter, MySQL

- Built a desktop-based courier management system with separate admin and customer modules for package entry and tracking.
- Designed a MySQL database to store customer, package, and delivery records with real-time status updates.
- Developed a Tkinter GUI enabling admins to manage insertions and update delivery status, and customers to track their packages.
- Implemented email-based OTP verification for confirming package bookings and deliveries.

CERTIFICATE

Certificate in Python, MySQL, MongoDB, Data Science, ML, Tableau & Django

April 2025

E-Gain, Agra — Completed with Distinction (Duration: 4 Months 15 Days)

EDUCATION

Lovely Professional University

2025 – Present

B. Tech (CSE (AI/ML)) | CGPA 8.82 — Phagwara, Punjab

Delhi Public International School

2023 – 2025

Senior Secondary Education | Percentage: 70% — Agra, Uttar Pradesh

Gayatri Public School

2022 – 2023

Matriculation | Percentage: 87% — Agra, Uttar Pradesh
